

BISERICA ADULAM - TIMIȘOARA, ROMANIA

We are a church of mainly young families and a few students, located in one of Romania's largest and growing cities. Most of our attendees grew up in non-Christian contexts. We are focusing on reaching unchurched people and families in poverty, and have a homeless and addiction outreach in partnership with two non-profit organizations.

ABOUT

- **Location:**
Timișoara, Romania

NEEDS

- Support for Vlad's salary since the church is mainly students or single-income families - achieving self-sustainability is a challenge.
- Help us start an addiction and mentorship program requiring \$1100 monthly.
- We seek guidance from experienced partners on how to reach those battling addiction and living in poverty.

OPPORTUNITIES

We have seen the Lord open doors in hard contexts in our city. This includes working with the unreached and the homeless, as well as in prisons and orphanages. With the right partnership, we believe we are placed in a strategic position to affect Timișoara but also larger parts of Romania.
