

KUNGSKYRKAN MÖLNDAL - GOTHENBURG, SWEDEN

In Sweden, a nation with a Christian legacy, a significant shift has happened. Eight out of ten Swedes now identify as atheists, and evangelical churches have seen a 25% decline in the past two decades. Our Mölndal church near Gothenburg is dedicated to challenging this trend. We prioritise gospel-centered Christian hospitality, clear Bible teaching, expositional preaching, prayer, nurturing Christian community, and local evangelism.
